About Us

Located in East Belfast on the Upper Newtownards Road, our venue is a central location for couples holding their wedding ceremony in the City Hall or Belfast City. We are surrounded by local, independent B & B's & are an 11 minute drive from Stormont Hotel for accommodation options. In addition we are situated on the main Glider route from the city centre for transporting guests to our venue.

Many of our previous wedding couples have made use of stunning photo opportunities close by our venue such as: Harland & Wolff, Stormont Estate, Cyprus Avenue street & Botanic Gardens.

Having catered for smaller, intimate weddings for as little as 8 guests right up to 200 wedding guests, our multipurpose venue can be modified to suit your numbers to a maximum of 200. Cyprus Avenue comes with a full entertainment license, a MC system for speeches, licensed to serve until 1am & a dedicated wedding team.

It fills us with pride as a team that you would choose us as a reflection of who you are as a couple for your special day.

Richard McCracken opened Cyprus Avenue as a small 50 seater restaurant in 2016 following training with Tom Kitchin in his eponymous Edinburgh restaurant, Helene Darroze on the rue d'assas in Paris & then Andrew Fairlies @Gleneagles. Since inception Cyprus Avenue has been included in the Michelin Guide and has tripled in size allowing us to cater for larger events.

It was never our intention to become a “wedding venue” but over the years we have most happily found ourselves hosting more & more wedding celebrations all beginning with one special wedding couple & regulars of the restaurant who asked us to play a part in their wedding day.

Your Wedding Menu

With each menu custom made for the wedding couple at Cyprus Avenue, we are excited to work with you on a unique menu offering. Past wedding themes are far ranging from a nod to the couples' home country to including a favourite dish, you have full control in the creation of your wedding menu.

Our food offering is based on seasonal, local produce. As an award-winning restaurant, quality & consistency is at the forefront of everything we do. We create bespoke drinks & cocktail packages to suit the wedding couples' preferences.

Entertainment

Whether it's a Harpist playing during your drinks reception, a 5 piece band playing after dinner or drag Queen bingo, everything works in our venue at Cyprus Avenue!

We have a dedicated supplier list of musicians, photographers, videographers, stylists etc we are happy to share with our wedding couples. Our venue has a full entertainment license & MC system for speeches along with the option to play your personalised playlist between live music on the day.

Outside Wedding Celebrations

Weddings outside of Cyprus Avenue all began when a special couple (regulars of the restaurant) gave us the pleasure of catering at their wedding. A German lady and Irish man, Mark & Sandra were after something outside of the norm for their wedding menu. We jumped at this opportunity & have been catering an array of wedding venues all over since.

We pride ourselves on offering a truly bespoke element when creating a wedding menu with each individual couple. No two wedding menu packages are ever the same as each is built on the travels, ideas, influences, life adventures, home country of each wedding couple.

With management on site from 9am, available to contact 7 days a week, get in touch with our team today!

We are beyond happy with the service you and your team provided at our wedding—truly, we couldn't have asked for a better experience. Everything was flawless, and the food was sooo delicious!

Our guests are still raving about the quality from the very first bite to the last. It was clear that a lot of care and expertise went into every dish, and it made the day all the more memorable.

Thank you so much for being such a vital part of our celebration. We're incredibly grateful!

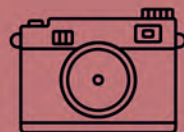

We are already planning on paying you a visit to celebrate our big day and take our parents for another delicious meal together :-)

Thank you for everything!!
